

Revolutionizing healthcare distribution. Improving patient care.

BENEFIT AVAILABLE TODAY!

The Accarent Health program makes receiving exceptional care for complex medical procedures and treatments at the best hospitals in the country accessible and simple.

Accarent Health offers over 225 specialized surgical procedures and treatments for adult and pediatric members, eliminating unpredictable costs through value-based pricing, generally with no out-of-pocket cost, and provides members with personalized case management and concierge benefits.

MEMBER ADVANTAGES

Members seeking care for a complex diagnosis and choosing treatment at an Accarent center will be paired with an Accarent Nurse Case Manager, who will provide the member with clinical support and act as their advocate with the Accarent center. Upon discharge, the Accarent Nurse Case Manager will assist in transferring care back to a regional physician for a smooth continuum of care.

HOW IT WORKS

1

CONTACT ACCARENT HEALTH

When specialized medical care is needed, contact casemanagement@accarenthealth.com or [1-866-771-0697](tel:1-866-771-0697) to speak with a personal case manager to learn more about your benefits through Accarent Health's Centers of Excellence program.

2

CHOOSE YOUR CENTER OF EXCELLENCE

Choose one of Accarent's highly-rated academic medical centers or accredited providers to receive care.

3

RECEIVE CARE

Accarent's nurse case management team will assist you through the entire care episode and continue to support you for 30-60 days post-discharge to ensure satisfaction and a smooth transition to a local provider for follow-up care.
